## LTPOA News

**Steve Blaha, LTPOA President**

We made it to Spring, with a little bit of summer with our winter. As we do our spring cleaning, don't forget to clean out your ditches and culverts. Speaking of ditches reminds me that our road will be needing some attention. Asphalt is not usually available for purchase until temperatures are more stable and in the 60–70-degree range. So, look for the roads to be marked about the middle of May; actual repairs will start soon after.

The LTPOA Annual Meeting will take place 11:30 am, June 15, at the Community House. Ken Stojeba, Nathen Reed and Craig Jung are up for reelection. These gentlemen have done a fine job serving this community in my opinion, and I encourage lot owners to reelect them.

Please read the Water Rules (*see page 10*) before boating, and remember NO Wake, idle speed for all boats from 7 pm until 10 am. Pontoon boats are to be at no-wake speed at all times.

## Sewer District News

**Janet Hirsch and Marilyn Meyer**

**PWSD#13 needs volunteers!**  
PWSD#13 is the district that runs the Lake Tishomingo sewer system. It began 20 years ago as a committee of the LTPOA. We were successful in obtaining a Federal loan and Missouri state grants to fund the \$4.3 million project. Construction began in August 2010 and was completed in July 2012. Now, over 10 years later, we can see the results. The lake water quality has been greatly improved and lake property values have increased.

The district is run solely by volunteers and over the years many Tishomingo residents have served on the board and as helpers. Volunteers are needed now to help the district, especially with monitoring the performance of the operator and the operation of the system.

Every resident benefits from the sewer system and is encouraged to volunteer to help. To discuss the possibility of volunteering, contact board member Cheryl Miller, [cmille42@gmail.com](mailto:cmille42@gmail.com).

**Old Business**

At a prior meeting, a question was presented regarding whether, as a nonprofit entity, the LTPOA could earn interest if money was moved to a major fund account which is currently earning a higher interest rate than a checking account. Ken made some inquiries and determined earning interest would not be a problem. Shelby will do some investigation to determine if/how these types of changes can be made.

**New Business**

1. Fireworks
  1. The show in 2024 will be launched from the dam given we are losing the usual site due to new house construction
  2. Given the dam is owned by the lake this will necessitate some changes.

Continues on next page

LTPOA February/New Business continues from previous page

2. Brilliant Skies, LLC will be contracted for the show and will provide the following:
  1. Insurance coverage
  2. Fireworks display safely discharged
  3. Sufficient crew to accommodate the set up and disposal of debris
  4. All safety inspections
3. The dam will provide a larger area for the shoot which should allow upgraded variety within the show.
4. We will be booking with the Brilliant Skies LLC a year in advance each year. This year the fireworks will be held on Saturday, July 6<sup>th</sup>.
5. Buoys will be placed in the water to set a 600ft boat barrier away from the dam.
