Lakeview

by Janet Quillman, LTIA President
 Happy New Year! Another year has come and gone much too fast. Thanks to all of the LTIA members and volunteers it was all good. We can only hope this year will be just as successful.

This is the time when we must ask for everyone's continued support by sending in your 2013 membership dues. For just \$40 per year (\$3.33 per month) you can join us for monthly dinner meetings, place free ads in the newsletter and bring your children, grandchildren, nieces and nephews to the holiday parties.

Due to the success of fund raisers and rentals in 2012 we opened up the children's Christmas Party and Chili Cook-Off to everyone including non-members. We hope all that attended had a good time and will consider joining us as members this year. The same as last year the Chili cook-off was fantastic with 13 tasty chili entries. This year's first place chili champ was Rick Quillman with Barb Overy coming in a close second. Thanks go out to Gail Lents for donating her time and artistic talents making the apron for 1st place and lake resident Barb Rohm's daughter-in-law Erin Frank

				Calendar
Jan	8	Tue	7 pm	LTPOA Board Meeting

for face painting at the children's party. Be sure to check the website for pictures.

We also can't forget the most important person of the day Santa Claus who took time out of his schedule to visit Lake Tish and spend time reading a story, passing out gifts and taking pictures.

In February we will also be hosting the Lake Tishomingo Mardi Gras party on Saturday the 9th. The festivities will begin at 8pm. There will be live music by Mike Mattingly, appetizers and CHEAP drinks. LTIA members who are paid up for 2013

will receive discounted entrance fee for themselves and their non-resident guests. Membership does have its rewards!

Our next monthly dinner meeting will be Sunday, January 13th and the theme is soup & salad. The February meeting will be a Cajun dinner on the 3rd Sunday, February 17th.

LTIA 2013 Membership

Help to support the LTIA activities and maintain the Community House. Membership includes free classified ads, attendance at LTIA dinners, and children's holiday parties.

Please enclose your check for \$40 payable to "LTIA" and send to:

Lakes of Missouri Volunteer Program

Lake Tishomingo and the Lakes of Missouri Volunteer Program

by Tony Thorpe, LMVP Coordinator

Lake Tishomingo's water quality has been monitored at the dam (Site 1) by volunteers since 2004 (excluding 2005 and 2006). Monitoring at Site 2 began in 2007. This report covers the years up to and including 2011.

Water clarity (as measured by Secchi disk) is good at Site 1, often exceeding 10 feet in a given year, but averaging around 7 feet across all years. Average water clarity was 64 inches in 2011. The water at Site 2 is not as clear, averaging just over 4 feet across all years and just under 4 feet in 2011.

Suspended sediment values are low at both sites. Values above 2 mg/L are uncommon at the dam and when they do occur are likely associated with precipitation and runoff.

In 2011, Lake Tishomingo had lower concentrations of nutrients and chlorophyll than most lakes monitored by the LMVP (see the graphs on page 5).

Concentrations of chlorophyll (an estimate of algae biomass) and nutrient concentrations correlated rather tightly in 2011. Algae biomass in Lake Tishomingo is likely limited

by nutrients, particularly phosphorus. In other words, the best way to reduce the amount of algae in the lake is to reduce the amount of phosphorus getting into the lake.

For more information on the relationship between water clarity, sediment, chlorophyll and nutrients, visit this link at the LMVP website:

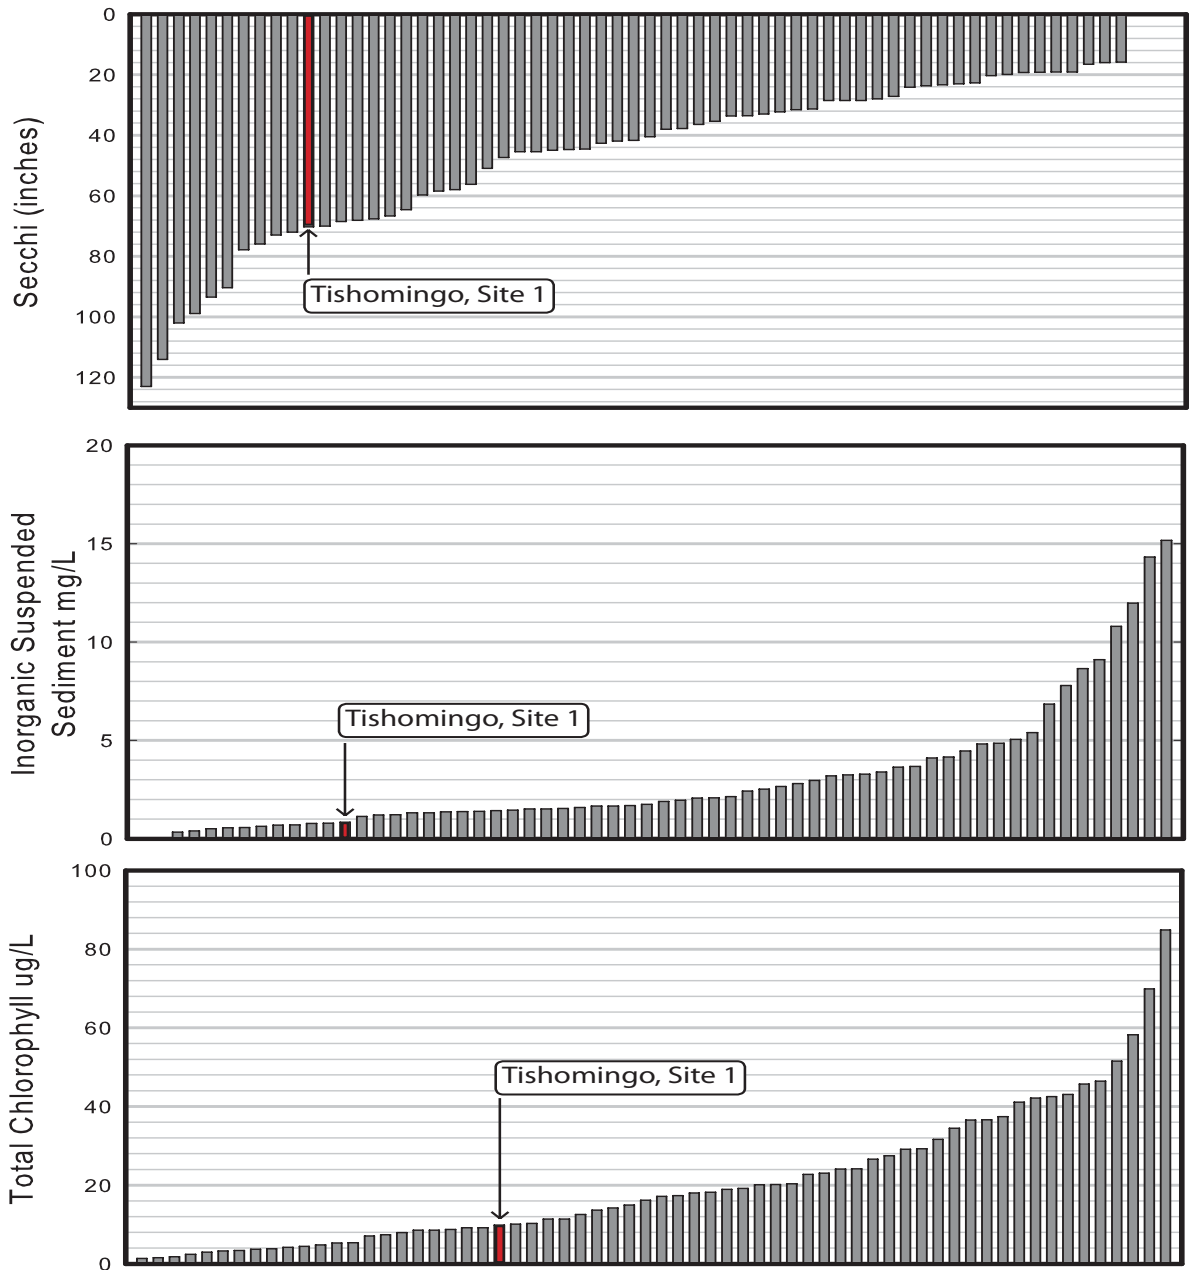

<http://lmvp.org/introduction/index.htm>

The lake volunteers who have contributed their time to this program are Barb & Ron Rohm, Jason Covington, Bev & Ken Jost, and Charlie Lents.

Lake Tishomingo property owners are encouraged to help with the LMVP sampling program. Contact lake resident Barb Rohm (636) 274-1977 for more info.

Lake Tishomingo, Site 1 compared to other LMVP lakes (2011 water clarity, suspended sediment and chlorophyll data)

Tishomingo Anglers Association Lake Tish Gets Fresh Fish

by Barb Rohm

Happy New Year!!

We are happy to report that in November the TAA stocked the lake with 7-9 inch Walleye.

TAA contributed \$1000. {Thanks to everyone for the aluminum cans.} Jim Timmersman donated \$500 and Ken Jost \$100. We want to give them a BIG thank you!!

Creel limits will be posted later in the year. We are making up a new creel limit sign for the ramp area.

In Memory

Eleanor Schaab

Long time lake homeowner Eleanor Schaab passed away on October 30. Our most sincere condolences go out to her entire family.

Ed Kemp

Lake resident Ed Kemp passed away on November 25. Our most sincere condolences go out to his entire family.

Lake Tishomingo Property Owners Association

A MESSAGE FROM THE PRESIDENT OF LTPOA

by John Dauernheim

The Board and I would like to wish everyone a happy and healthy New Year.

As you can obviously see the lake has been dropped six feet for work in dredging and building a silt catch. At this time it makes sense to work on your seawalls and docks, for it may be some time before the lake will be dropped to this level again.

Another problem we have here at the lake is an issue with people not posting their lot numbers on their docks. **Please make sure your dock is numbered along with your boats and anything else that has contact with the water.**

As you know many homes are for sale here at the lake and when the new owners move in, some are having a hard time trying to prove ownership of docks, even those that are located in the front of their property. The Board has more to do than try to locate ownership of these unmarked docks to satisfy sale

contracts.

Don't just assume because you have been a property owner at the lake for many years that the Board knows your boats, docks, etc. Please mark your property for your own benefit and safeguarding.

This is a great time to mark your dock while the lake level is low and it is easy to reach all docks. In the future, if the Board has a problem establishing ownership of a dock, the dock may have to be removed.

Please work with us to keep Lake Tishomingo one of the greatest places to enjoy.

Thank you,
John Dauernheim

If the Board has a problem establishing ownership of a dock, the dock may have to be removed.

P.S. Please start doing a rain dance in April if we still have not had rain to fill the lake.

*Lake Tishomingo Property Owners Association**LTPOA Meeting Minutes November 13, 2012*

Board Members Present: President John Dauernheim, Marilyn Meyer, John Johnston, Phil Overy, Gordon Kassen, and Ray Lauer

Approved Absence: Kevin Seelbach

President Dauernheim called the meeting to order at 7:00 p.m. There were fourteen (14) people in attendance and all recited the Pledge of Allegiance.

Minutes of Meeting of October 9, 2012: On a motion by Marilyn Meyer, seconded by Phil, the minutes were not read as they had already been distributed via the website. MOTION PASSED

Treasurer's Report: Marilyn reported that through Assessments for 2012-13, sale of gate cards, trailer rental and bank interest, there was a total cash inflow of \$3,933.68.

Cash outflow amounted to \$4,046.85 with the major items being \$1,472.00 for payment to the IRS, \$928.00 for Missouri Employers Mutual Insurance, and \$1,347.78 to Sentry Security.

The checking account balance is \$291,430.37. Delinquent assessments for 2011-2012 and for 2012-2013 involve two empty houses, and 4 others have been turned over to the Board's attorney for collection.

Phil made a motion to accept the treasurer's report, and it was seconded by John Johnston. MOTION PASSED

Then Marilyn presented information for November billing (9/10/12 to 10/28/12) and for which she had already made payments. This amounted to \$3,980.97 and involved such items as Sentry Security (September 10 to October 2) for \$2,679.60, legal payment for 3rd quarter of \$559.70, Newsletter for November/December at \$231.90 and \$100.00 to the trapper. The other minor costs involved payments to Charter Business for the phone at the gate, PWSD#13, rewiring the light over the bulletin board adjacent to the guard shack, repair of the trailer hitch and for the portable toilet outside the community house. Phil made a motion to accept the report, and it was seconded by John Johnston. MOTION PASSED

Gate: Russ Wilner was not available for the meeting, but had sent information to Rich Hirsch about four days of gate "transactions" and it reflected there appears to be widespread abuse of three assigned code numbers. This matter will be further reviewed. Russ said he will download more transaction data in the future to try and detect any additional entry code abuse.

SECURITY: Phil reported that on Saturday, October 27 there was a call made to the 911 operator from a resident who indicated a guest was threatening to take his own life. Sheriff Deputies and an ambulance arrived on the scene only to discover the individual had left on foot. A search was to no avail.

On Saturday, November 3, there was a report of vandalism having occurred to several mail boxes on the South side, and one was stolen.

The seasonal contract with Sentry Security for guard services ended on October 28.

On November 7 Phil replaced the gate arm after it was knocked loose by a tailgater. There was no damage and no monetary loss involved.

Phil reminded everyone that November is Neighborhood Watch month and asked that anyone witnessing suspicious activity to contact 911. Finally, property owners should be aware of burning regulations as found in the November/December newsletter.

BUILDING: John Johnston presented two requests from property owners, Lots B-13 and B-14 (Woods) and I-20 (Messina), both wanting to replace existing docks. Both were approved on a motion by Gordon, seconded by Phil. Then, there was a request for dock replacement on Lots A-12 and A-13 (Diaz de Leon), however this was tabled until the plan could be resubmitted by the owner. (It was later approved via e-mail after assurance was given proper building materials would be utilized.)

MAINTENANCE: President Dauernheim stated he would advise Kevin the truck is to be outfitted with the snow plow. Also, he reported the start of construction of the pole barn in the maintenance area is awaiting approval of Jefferson County authorities. Gordon will follow up on this issue.

FINANCE: No report

WEBSITE: Janet reported the deadline for submission of information, ads, etc., for the next publication of the Newsletter is December 20, 2012.

PARENTS CLUB REPRESENTATIVE: Barb Rohm advised there will be a Christmas event for children and the chili cook off on December 9

GARDEN CLUB – SEWER BOARD – WATER TESTING: No reports.

DAM: Clarue was not present for the meeting but had sent an e-mail relative to the ground hog burrows that had been observed. She contacted Bill McLaren who inspected the dam and provided a bid of \$1,850.00 to remediate the situation. Clarue had sought two other bids and it appeared those contractors would be more costly. Besides, Bill has experience in addressing the tunneling by animals. Phil questioned whether McLaren has insurance coverage, and with the assumption he does, Phil made a motion to approve the hiring of McLaren. John Johnston seconded the motion. MOTION PASSED (Note: John Dauernheim contacted Mr. McLaren and on November 22 verified he has insurance coverage.)

OLD BUSINESS: President Dauernheim reported he had contacted Bill McLaren regarding the time frame for which he would begin the removal of the silt and was informed work was planned for November 19, 2012. Also, the president made an inquiry about the boulders that were to be placed to assist in the future silt buildup, and McLaren advised they would be delivered before the work began.

Next the president led a discussion about the lowering of the lake, advising it was presently down 58 ½ inches. Several property owners asked that it be lowered to six feet (72") to accommodate work on their respective sea walls. Rich Hirsch advised that, barring any measurable rainfall, the six foot level should occur on the Monday following Thanksgiving (November 26). At this point, Gordon made a motion the siphoning should be stopped at the 6 foot level. Phil seconded the motion. MOTION PASSED

There being no further matters for discussion. The meeting was adjourned at 7:54 p.m.

Prepared by:

Ray Lauer

Secretary – Vice President

LTPOA Meeting Minutes December 11, 2012

Board Members Present: President John Dauernheim, Marilyn Meyer, John Johnston, Gordon Kassen, Phil Overy and Ray Lauer
 Approved Absence: Kevin Seelbach

President Dauernheim called the meeting to order at 7:00 p.m. There were twelve (12) people in attendance and all recited the Pledge of Allegiance.

Minutes of Meeting of November 13, 2012: President Dauernheim made a motion to waive the reading of the minutes because they had been made available via the website. Phil mentioned a need for correction because his name had not been included as being present at the meeting. Marilyn then seconded the motion, with the correction. MOTION PASSED

Treasurer's Report: Marilyn presented her report which indicated there was cash inflow of \$885.77, and that amount included \$600.00 for 2012-13 assessments, \$250.00 for trailer rental and interest amounting to \$35.77.

Payments (cash outflow) amounted to \$5,024.47, and some of the significant issues included payment of \$2,679.60 to Sentry Security for the period of September 10 to October 28, 2012, 3rd Quarter Legal for \$559.70, payment of \$947.00 to Red Oak Landscaping for mowing and trimming on the dam, and \$231.90 for the Newsletter. Phil made a motion to approve the report, seconded by John Johnston. MOTION PASSED

Then Marilyn presented information for November billing and for which she has already made payment. Some of the items included \$12,500.00 representing partial payment for the pole barn that is presently under construction, \$855.50 for insurance and \$987.58 for taxes (property and personal property). LTPOA was requested (some years ago) to pay one-half the propane cost for the community house, and this was agreed upon. Recently the tank was filled at the cost of \$298.00, so LTPOA is paying half that amount. Total outflow for the total issues presented by Marilyn amounted to \$15,262.10. Phil made a motion to approve the payments, and this was seconded by Gordon. MOTION PASSED

At this time, Marilyn expressed her appreciation to those who had volunteered with the improvements of the 'sales office' that is now used by PWS #13, naming Rich Hirsch, Fran and Robert Hovis, and Daryl and Sheila Frauenfelder.

GATE: Russ Wilner reported there have been no incidents on which to report.

SECURITY: Phil reported there have been no significant issues called to his attention.

BUILDING: John Johnston presented the following information on building permits that have been requested, and each of the permits was reviewed by board members.

~ Rita Kalin, A-17 / A-18, replace seawall and dock. Gordon moved for approval, seconded by Ray. MOTION PASSED

~ The Orlandos, I-19, replace seawall and install docks. Phil moved for approval, seconded by Marilyn. MOTION PASSED

~ Craig and Angela Jung, E-10 / 11A, replace the seawall and add patio. Gordon moved for approval, seconded by Phil. MOTION PASSED

~ Anthony and Helen Mattina, I-20, remove and replace seawall and replace docks. Phil made a motion for approval, seconded by Gordon. MOTION PASSED

MAINTENANCE: Gordon provided an update on the construction of the pole barn and other work taking place with respect to that work. There is a need for some revision in the plans, and a Jefferson County Building Inspector will be available on December 12 to give approval. Gordon also mentioned there is a need to purchase rock (at \$14.00 per ton) for the retention wall. Two tandem loads (less than \$500.00) will be needed, and Gordon made a motion that approval be given for whatever expenditure is necessary so this project can proceed on schedule. Phil seconded that motion. MOTION PASSED

Gordon also recognized Steve Blaha who has arranged for standards that can be placed around the pole barn to keep it from being damaged by vehicles.

LTIA REPRESENTATIVE: Julie Johnston reported on the Children's Christmas party and the chili cook off that took place on December 9. It was well attended. LTIA is accepting applications for membership and hopefully more property owners will consider being members.

Future events include the meeting on January 13, 2013 which will feature soup and salad, and on February 9, 2013, the Mardi Gras party.

FINANCE, PARENT'S CLUB, GARDEN CLUB, SEWER BOARD, WATER TESTING, AND DAM: No reports

WEBSITE: Janet Hirsch reported the deadline for submission of articles, photos, etc., for the Newsletter is December 20, 2012.

OLD BUSINESS: Gordon, along with President Dauernheim, addressed the progress with the ongoing effort of silt removal. The silt removal will be completed on December 13 and the boulders for the retention basin will be delivered and installed next week.

Phil then spoke for 10 minutes about his proposals and thoughts on security issues, and presented a portion of those ideas. They were not voted on since Phil has additional ideas he wants to offer for consideration in future meetings, and asked they be considered perhaps in the March board meeting. There was some discussion on the ideas he mentioned but no action was taken.

NEW BUSINESS:

Greg Spiros, a resident of the Tishomingo Forest area, spoke about the road conditions that lead from South Lakeshore Drive into the Forest, mentioning that only a short portion of this road is paved. Moreover, he added, it is only because of a neighbor, Ken Marschuetz, the road gets snow plowed. Greg cited how the road was damaged several years ago but he had not brought that to the attention of the Board at that time. After a lengthy discussion, it was agreed the Board would look at the possibility of adding a stretch of asphalt next spring when additional road work is undertaken in the subdivision. Also, Gordon indicated he would instruct the snow plow operator to add the Forest road to his duties.

There being no further matters for discussion, Marilyn made a motion to adjourn the meeting at 8:22 p.m. It was seconded by John Johnston.

Docks to be Removed

There are several deteriorating docks lining the shore of the lake in several areas. These are becoming a danger to anyone near them. It is the responsibility of lake residents to maintain their docks.

**These docks must be repaired
by June 1, 2013 or they will be re-
moved permanently.**

If you do not repair or remove a deteriorating dock, the Board will have the dock removed and send the bill for removal to the property owner.

Docks in need of repair

A-8 Tim & Patricia Lane
A-17 Rita Kalin
M-36 David & Donna Cain

Docks in need of removal or replacement

F-49 Anthony Schmidt

If your dock is not repaired by the June 1, 2013 deadline and the lake must remove it for safety reasons you may not be able to rebuild your dock due to the building regulations requiring 35 feet between docks.

If you have information or questions about derelict docks contact John Dauernheim.

Lake Tishomingo Community Sewer Project

by Janet Hirsch

The wastewater treatment plant continues to function as designed and the monthly analysis of the effluent stream is well within the limits set by Missouri Department of Natural Resources. The table below shows the most recent test results for samples taken in November 2012.

Homeowners are encouraged to consider automatic payment of the sewer bill. The invoice postcards are issued

the first of every month and payment is due on the tenth of that month. Payments not received by the 21st of the month are delinquent and subject to lien and prosecution.

The Billing & Payment Options brochure is available at the website. Visit :
