Lakeview

by Janet Quillman, LTIA President

Summertime, and the livin' is easy, fish are jumpin' and the water is high...one of these mornings you're gonna rise up skiing...sorry I started daydreaming. But doesn't that sound great, it will be here before we know it. Think of it this way only 3-more dinner meetings and it will be May!

We will start things off with the March dinner meeting on Sunday the 11th, get your Irish on with corned beef and cabbage. Our April meeting will be on Sunday the 8th, the LTIA will provide cheese and dessert fondue pots and kettle beef. Bring your favorite side or dessert to dip and share.

Due to Mother's Day we will host the May dinner a week early on Sunday the 6th. Guess what, in honor of summer we will host a BBQ. Meat...to be announced.

See how that worked out its summer!

Now that summer is here let's talk fireworks (déjà vu)... July will be here before we know it. To reach our goal for the fund, we are selling raffle tickets. The tickets are on sale now for \$25 each and a total of 300 tickets will be sold. We will not hold the drawing until all tickets are sold. The payout will be \$350 for the first ticket drawn and \$150 for the second ticket. Really everyone will be a winner...we are so lucky to have this in our backyard. If all tickets are sold and after the drawing payout we will have \$7000 to spend. So far we have sold 37 tickets, only 263 to go. To purchase you can contact any of the board members or mail a check to the LTIA.

Calendar

Fireworks Raffle

The LTIA is selling raffle tickets to fund the 2018 Lake Tishomingo fireworks display. Tickets are on sale now for \$25. Ticket sales are limited to 300 and once all are sold we will hold a drawing for a cash prize. The first ticket draw will be for \$350 and the 2nd ticket draw will be \$150. If all tickets are sold we will raise \$7000 to cover the cost of the event.

Buy your ticket today

To purchase checks can be made payable to the LTIA and mailed to...

5698 Lake Tishomingo Road, Hillsboro, MO 63050

Tickets will be available for purchase at the monthly dinner meetings.

Questions call...Julie Johnston 636-274-1486 or Janet Quillman 636-748-2030

Shelby Reneski will have tickets at the LTPOA meetings.

Tickets will also be available at the LTIA and LTPOA monthly meetings. To supplement the fireworks fund we will also plan to collect at the gate as LTIA volunteers are available. In order to make a commitment to the fireworks company and lock in our display for July 4th we will need to have the majority of tickets sold by the end of May.

We want to thank everyone who has sent in their 2018 memberships and it's not too late to join. With the help and support of the community we have been able to

hold the annual dues at \$40 per year, per family. The dues along with rental income and participation in the fund raisers help to maintain and improve the clubhouse and pavilion. We are looking forward to another great year and hope to see you at the clubhouse. If you're not a member yet this is the perfect time to join...just think of all that delicious food.

Electric motor pontoon boats are perfect for Lake Tishomingo

Lake Tishomingo Property Owners Association

LTPOA News

by Steve Blaha, LTPOA President

As the days lengthen and the temperatures warm I begin to look forward to spring and summer at the lake. However, old man winter brought us bone chilling cold temperatures, he spared us of snow to shovel and roads to plow. For that I am thankful. That means our salt pile is still at full supply for next winter. As we start preparing our yards for spring let us not forget to clear our driveway culverts and ditches of leaves and debris to keep the rain runoff flowing unobstructed to the lake.

There have been several construction projects ongoing this winter on both the north and south sides of the lake. New and additional construction is always nice to see in the community.

The construction of the new patio at the Community House is coming along nicely. The old patio has been removed, the front yard has been regraded and the forms have been set awaiting warmer weather. The Community House and lakefront area is one of the first things that our guests and prospective buyers see upon their arrival at Lake Tish. It certainly will be a welcomed upgrade, and adding to the WOW factor of this beautiful area which is sure to leave a lasting impression of our nice lake community.

There has been a few anglers making their way around the lake trying to catch that early season lunker. Please keep in mind the proper way to access the lakefront from the road is to follow a downhill path to the parkway that

surrounds the lake. Please remember to be respectful of the lakefront lot owner's personal property, which includes the dock. As a lot owner, you and your guest(s) have access to the parkway, but require permission from the lot owner to be on their dock. Please inform your guest(s) that it is required to give their name and your lot number when asked. If you or your guests fail to comply, they will be considered trespassing and reported to the Jefferson County Sheriff as such. This is our lake and we want to be inclusive of lot owners' guests, but it is still a private lake.

Lake Tishomingo is located in rural Jefferson County, but Jefferson County still has laws we need to live by. Unfortunately, the one I am referring to is indecent exposure. Yes, there has been recent sightings of people that were fishing and then....relieving themselves of excess fluid. Jefferson County Ord. No. 11-0226-1, states: "A person commits the offense of indecent exposure in the unincorporated area of Jefferson County, Missouri, if such person: . . . urinates or defecates outside of a building or structure when the person is on or in any public street, alley, sidewalk, boulevard, park or parking lot." Please remember in today's world in which we live, someone is always watching and most likely has a camera.

I look forward to more pleasant weather and enjoying the lake.

Thanks, Steve Blaha

Tishomingo Anglers

Something Fishy Here

by Brian Stephens

Fellow Anglers of Lake Tishomingo,

In March or April we will be placing our order for Black Crappie. In previous T.A.A. meetings and community gatherings the strategy for the direction the community wanted the fishery at Lake Tishomingo to go was to have a good population of 4+ pound bass, maintain channel catfish population, boost walleye population, and get a good reproduction population of black crappie.

This past November we stocked the lake with

- 825 6- to 10-inch walleye
- 12 12-inch grass carp
- 100 12-inch channel catfish.

Early spring tends to be the best time to stock Black Crappie. We are placing the order by the end of February. We are hoping for between 1500 to 2000 of 6-to 8-in Black Crappie.

We have implemented a 5-yr plan for the lake to try and achieve our goals. In these 5 years we will be giving the different populations of desired fish what they need to thrive and establish a good healthy population. As many of you fishermen/fisherwomen know we have a paradise of a fishery and we only plan on enhancing it for years to come.

Most of our funds come from the aluminum can recycling done by the TAA along with some contributions from the LTPOA and residents. But we need more.

The Anglers Association is asking if anyone would like to donate to the stocking fund it would be much appreciated.

If you want to donate call Brian Stephens 573-247-2796 or Kevin Scheirich 636-274-9020.

Lake Tishomingo Community Sewer Report

by Janet Hirsch

Proper Use of the System

To keep your system operating properly be careful about what you allow to go down the drain.

Do not use the garbage disposal excessively. Food by-products accelerate the need for septage pumping and increase maintenance. Collect grease in a container and dispose with your trash. Use paper towels to wipe pots and pans to soak up excess grease before washing. Compost table scraps or dispose with your trash.

Do use your trash can to dispose of substances that can clog filters, cause maintenance problems, and increase the need for septage pumping.

Do not put any of the following items into the system:

- Egg shells, large seeds, gum, coffee grounds
- Tea bags, chewing tobacco, cigarette butts
- Condoms, dental floss, sanitary napkins, tampons, diapers
- Paper towels, newspapers, candy wrappers
- Rags, large amounts of hair
- So-called "flushable" wipes, baby wipes, medicated wipes, cleaning wipes

For additional information about the proper use of the sewer system download the Sewer System Homeowner's Manual from the website:

Payment Options

Homeowners are encouraged to consider automatic payment of the sewer bill using Direct Deposit. With Direct Deposit your sewer bill is paid automatically every month with no chance of late fees. Additionally, Direct Deposit means there are fewer mistakes in the handling of payments and less fraud opportunity.

You can arrange for Direct Deposit through your online banking system. Or use the application provided by PWSD#13 in the Billing & Payment Options brochure available at the website. Visit :

www.laketishomingo.com/pwsd13

This is the safest way to guarantee that your payments are secure and on time.

Monthly Sewer Billing

Sewer user fees are due by the 10th day of each month. Sewer user fees are **delinquent** if not received by the 21st day of the month. This does not mean "check date" nor "postmarked." It means **received by the district**. Any accounts with balances due on that date will be charged the late fee.

The invoice postcards are issued the first of every month and payment is due on the tenth of that month. Payments not received by the 21st of the month are delinquent and subject to lien and prosecution.

WATER ACTIVITIES RULES AND REGULATIONS

(Revised 2015 By LTPOA Board)

I. FISHING

1. Fishermen must be accompanied by a lot owner except by special arrangements made with the lake patrol.
2. Fish may be taken using a rod or pole. Only three rods or poles per person are allowed, and there is a three hook limit on each rod or pole.
3. Trotlines and jugs are prohibited.
4. The maximum number/quantity of fish per take, creel, catch or possession shall be according to the Tishomingo Anglers Association's current recommendations in accordance with the continuing effort to improve and modify each species and their population. These regulations are formulated after consulting our local fisheries biologist.

II. PATROL BOAT

1. The LTPOA patrol boat operator is responsible for water safety and enforcement of Water Activities Rules and Regulations and Boat Registration and Regulations.
2. The patrol boat will be operated in a safe and courteous manner and has the right-of-way on the lake at all times.

III. BOAT & MOTOR IDENTIFICATION

1. All boats must be registered with the LTPOA and must be the property of a lot owner.
2. Registration stickers will be furnished for those boats in compliance with the LTPOA Boat Registration Rules and Regulations. Stickers must be placed on the left (port) side of the craft near the block and lot identification.
3. Boats of all types must have the owner's lot and block number placed on each side of the craft in letters not less than three (3) inches in height. Placement should be toward the front of the boat if possible.

IV. BOATS - All boaters must be in compliance with Missouri State Rules and Regulations

1. The maximum boat length allowed is seventeen (17) feet excluding pontoon boats.
2. No boat shall be overloaded beyond the OBC rated capacity, or have a motor that exceeds the OBC maximum rating.
3. No hydroplanes, jet skis, inboard motor, or air boats (swamp buggies) are allowed. All outboard motors must be propelled by a marine propeller, NO jet drives are allowed.

V. PONTOON BOATS

1. Pontoon boats cannot exceed 24 feet in length.
2. No such type of craft shall be permitted unless the owner has a residence at Lake Tishomingo.
3. No such craft shall have any temporary or permanent sleeping, cooking, sanitary or toilet facilities thereon. No enclosing or screening of craft.
4. Pontoon boats are restricted to "No Wake" (a very slow speed whereby the wake or wash created by the vessel would be minimal).

VI. MOTORS
