## Lakeview

by Janet Quillman, LTIA President

Waking up to a chill in the air makes me realize just how quickly the year has gone by. It seems like just yesterday we were getting ready for the golf tournament and it's already a month past. We had another great turn out with 15 teams and 16 hole sponsors. We always worry if we will have enough players, supporters, donations and help but in the end it always seems to come together. Thank you to everyone who participated, supported the event by way of sponsoring a hole or your generous donations of prizes and special thanks to Andy and Rene Kittel, Jan Hunnicut and Dixie Bryant for getting everything ready at the clubhouse.

We also had a couple of dinner meetings under our belt after the Summer break. We would like to thank Rick Quillman for being the lead cook and doing a great job on the September BBQ and October Fish Fry.

Our next dinner will be November 10th for an early Thanksgiving dinner. During this meeting we will also hold the election for board members. If you are interested in becoming a board member or volunteering to assist with a party or fund raiser we can always use the extra help. At this time we also begin the membership drive for

*Celebrate the holiday season!*

### LTIA Annual Christmas Party and Chili Cook-Off

**Sunday, December 15<sup>th</sup>**  
Children's Party 1:30pm-3pm  
Games & Snacks

**Santa** \*  
Arrives at 3pm for storytelling  
and pictures.

**Everyone Welcome**  
To ensure that no child is left out  
please call Julie 274-1486 or  
Janet 748-2030 to make your  
reservation for the children's party

**Bring your best pot of  
Chili for the cook-off  
at 5:30**

\*Parents have the option to bring a gift for your child that Santa will pass out. We ask that the price be under \$10.

the coming year. The 2014 dues will remain the same at \$40.00 per family. Anyone who pays their dues prior to or at the December meeting will be entered in a raffle for a fabulous prize package.

December 15th we will host the children's Christmas party followed by the dinner meeting and annual chili

cook-off. Put your culinary skills to the test and bring your best pot of chili to claim bragging rights for the next year.

On behalf of all of the board members I would like to thank everyone for coming out and making this another great year for LTIA. Have a safe and happy holiday season.

*IMPORTANT REMINDER.....*

## **This Is Burn Season**

by Clarue Holland

The Goldman Fire Protection District has adopted the Missouri Department of Natural Resources' burning rules and regulations for Jefferson County. As such, very strict burning rules and regulations are in effect for Lake Tishomingo. Violators are subject to fines anywhere from \$500 to \$15,000 levied by the MO DNR.

A permit is required for any burning and is issued by the Goldman Fire District. Permits can be obtained at the fire station located at 9001 Old Lemay Ferry Rd, Hillsboro, MO 65030 – 636-789-9841. Permits are valid only from September 15, 2013 through April 14, 2014. Burning hours are from 10:00AM to 4:00PM.

The following rules and regulations must be followed:

1. The permit must be signed and dated by the owner
2. The permit must have address where the burning takes place
3. Address must be posted at the property entrance per Fire Department and State law
4. This permit must be on property where burning is taking place
5. Burning must be a minimum of 50 feet from any structure
6. Fire must be monitored at all times
7. Petroleum products are prohibited from starting fire
8. Burning of substances which emit toxic and/or large amounts of smoke such as roofing materials, tires, vinyl, plastics, railroad ties, etc are prohibited
9. Burning household garbage is prohibited. No burn barrels
10. An effective method of extinguishment, such as an extinguisher, garden hose, or other water source shall be on site at all times
11. Fire must be completely out at 4:00PM
12. No burning when wind speed is over 15 mph

The Goldman Fire Department encourages residents to report any infraction not conforming to the above rules and regulations. All calls should be made to 911 (do not call the fire house directly) and explain where and what is occurring. The Fire Department is most anxious to keep all property safe and will respond accordingly.

The Goldman Fire Department has a heavy responsibility to keep our property safe from fire and destruction. We bear even greater responsibility of burning safely and with great caution at all times!! The added possibility of large dollar fines only adds to our need to always burn with great care and follow the above rules and regulations.

An Invitation

Belews Creek Chapel

When the old church bell in the steeple of Belew’s Creek Chapel on Hillsboro-House Springs Road rings each Sunday morning, people for miles around hear and heed its welcome invitation. Those who accept are not always members but people from several denominations who either live in the area or perhaps, are just passing through. They come from the surrounding hills and valleys, over narrow gravel or blacktopped roads to the small country church to hear the word of God and worship together.

This small white church by the side of the road nestles among the shady oak and hickory trees that tower above it. From there it sends out a welcome of warmth and nostalgia of another era, another time and other congregation. It is a house of faith, inspiration, hope and comfort to all who enter.

A visitor most always returns for as long a period as he or she remains in the community for one is charmed by the decor of the early 1900s which has been updated for modern use but still retains the look of the past century.

Belew’s Creek Chapel (often referred to as the Chapel of the Wildwood) is lighted by old wall-hanging kerosene lamps, now electrified and a charming chandelier of the same design. The hand made wood pews, glowing with the satiny richness of old polished walnut were made at the time the church was built. Now, due a memorial, red pew cushions have been added.

The Chapel was first heated by a wood-burning stove, then converted to oil and the present day system of heating, is gas. The altar, lectern and several other pieces, vital to a meaningful worship service, are handmade by local members of the congregation. The old pump organ, damaged by vandalism in 1962, is now replaced with the electric organ of Rose Meininger, former church organist for many years, by special provision of her will.

Belew’s Creek Chapel was first organized in the year 1912.

Continue reading the chapel history at:

www.rootsweb.ancestry.com/~mojchs/Churches/Churches.pdf

by Fred Steinmetz

Belews Creek Chapel would like to invite residents of Lake Tishomingo to our Services at 10:30 am Sunday mornings. It was through the efforts of local residents and Tishomingo members, Richard and Irene Ross, that the Church was reopened in 1962.

The following is a list of lake residents that have attended Belews Creek Chapel over the years.

- Barnes, Fred
- Boehm, Stan & Lois
- Chitwood, Launie & Roberta

## Lake Tishomingo Property Owners Association

### LTPOA Meeting Minutes September 10, 2013

Board Members Present: President Gordon Kassen, Marilyn Meyer, John Johnston, Steve Blaha, Kevin Seelbach, and Ray Lauer

The meeting was called to order at 7:04 p.m. There were 10 property owners present and all recited the Pledge of Allegiance to the Flag. Thereafter the president mentioned the recent passing of Lake resident Norbert Brym and asked for a moment of silence in his honor. He also mentioned that anyone wishing to offer any suggestion about the betterment of the lake should take a suggestion form and complete it. The president then offered comments about matters of interest to our subdivision. He mentioned that Clarue Holland is working with the Department of Natural Resources regarding issues related to the dam. Also he has been in contact with Bill McLaran regarding the clearing the water inlet- area and adding rock at the edge of the boat ramp. The plan had been to add concrete to that area; however, the lake level rose quicker than anticipated with the spring rains.

Minutes, meeting of August 13, 2013: Ray offered a motion to waive the reading of the minutes since they had been published on the web site and the Newsletter. This was seconded by Marilyn. MOTION PASSED

#### Treasurer's Report

Marilyn reported that with assessment payments (\$49,767.51), sale of a Lake lot (\$2,000) and several other matters, the total cash inflow amounted to \$51,145.51.

Disbursements amounted to \$11,386.12. The major items were grass cutting on two occasions and at two vacant homes, payment to Sentry Security, dam cutting, Lakenan Insurance premium for the dam (\$4,799.55) and for a number of sundry items.

Marilyn then sought approval for her to make payments of \$3,370.17 for outstanding invoices, representing phone costs, preparation and mailing of the Newsletter and for insurance.

Marilyn also reported assessment payments in the amount of \$156,430.39 had been made, and there are 16 property owners who have not made their payments, totaling \$8,028.00. Those with unpaid assessments will be referred to the Board's attorney.

The balance in the checking account is \$282,108.87.

Gordon made a motion to accept and approve the reports. John seconded the motion. MOTION PASSED

#### Gate

Russ Wilner led a discussion regarding matters about issuance of gate cards, duration of requested codes for special events and related matters. This will be continued later. Also, Gordon mentioned that consideration is being given to adding cameras at several locations at the lake, and asked Russ and Rich Hirsch to review proposals and report back when their work is completed.

#### Security:

No report

#### Building

John Johnston reported Cheryl Miller, Lots H 56 & 57 had submitted plans for a building addition. The blueprints have also been presented to Jefferson County authorities, and the approval is pending. John recommended the Board approve the permit conditionally at this time, assuming Jefferson County will approve the plans. Gordon seconded the motion. MOTION PASSED

#### Maintenance

Kevin is reviewing the needed siding for the interior of the road salt storage area and will report on that issue. John Dauernheim suggested the siding does not have to extend as high as is being planned, and there would be less cost involved.

#### LTIA Representative

Julie Johnston advised the next meeting on Sunday October 13 will include a fish fry. All are invited.

#### Tishomingo Anglers

Kevin Scheirich then reported on behalf of the Anglers Group. He encouraged property owners to continue saving aluminum cans and bringing them to the storage area. Between 3 and 4 thousand pounds of aluminum have been donated and taken to a recycling center. This has generated \$1,800. That amount is used to restock the lake. This year 500 walleye have been introduced in the lake. Kevin reported that fishing has greatly improved since 1989. He spoke about brush piles that have been sunk at several locations around the lake, and talked about the water willow situation. Finally Kevin mentioned that volunteers are always welcome to help with initiatives of the Anglers Group.

#### Finance

No report

#### Web site

Janet Hirsch reported the Newsletter has been posted on the web site. Included are photos from some property owners depicting the seaplane that landed on the lake on Labor Day. Also, the deadline for submission of materials for the next Newsletter is October 20, 2013.

#### Parent's Club:

No report

#### Garden Club:

No report

#### Sewer Board:

No report

#### Water Testing:

No report

#### Dam:

No report

#### Old Business

Gordon reported that he had been contacted by Tim Luttrell who offered to dismantle the old work storage area for the sum of \$500. Dave Kaucher would disconnect the electricity before the work started. Kevin made a motion to approve this work, and it was seconded by Gordon. MOTION PASSED

There being no further cause for action, the meeting was adjourned at 8:07 p.m.

Prepared by Ray Lauer

Vice President-Secretary

*Lake Tishomingo Property Owners Association**LTPOA Meeting Minutes October 8, 2013*

Board Members Present: President Gordon Kassen, Marilyn Meyer, John Johnston, Ray Lauer

Excused Absence: Steve Blaha, Kevin Seelbach

The meeting was called to order at 7:00 p.m., and there were seven (7) property owners present. All recited the Pledge of Allegiance to the Flag. President Kassen advised he had no report but wanted to shuffle the agenda to accommodate a resident who was seeking a building permit.

**Building**

John Johnston presented plans on behalf of David and Joann Ross, Lot K-23, who wish to have a wraparound deck at their home. After the drawings were reviewed, John made a motion for approval, and this was seconded by Marilyn. MOTION PASSED

**Maintenance**

Next there was a lengthy discussion regarding snow removal this coming winter season and the availability the truck owned by the lake to be used for plowing and salting. Presently the batteries need charging. One opinion is the truck can be made usable. John Johnston made a motion that batteries (2) be purchased for the truck so a determination can be made about its availability. This was seconded by Ray. A vote was taken and John, Marilyn and Ray approved the motion. Gordon voted not to concur.

This led to additional discussion about whether the truck should be retained or sold. Ray had asked John Dauernheim to secure prices on a possible replacement truck, and he presented that information. After further discussion, it was decided this issue should be set aside for additional consideration.

President Kassen mentioned there were discussions with a private contractor about the possibility that he be hired to salt and plow the roads and the contractor indicated he would prepare a bid and submit the information at a later date.

It was mentioned by Marilyn that if we are to purchase salt for the roads it needs to be done within the next several days. She had obtained a bid of \$69.25 per ton from Morton Salt. Gordon made a motion to order this salt, and it was seconded by John. MOTION PASSED

Then further discussion led to the decision John would check the condition of the batteries the weekend after this meeting and then there would be consultation among the board members.

**Minutes**

Meeting of September 10, 2013: Ray made a motion to waive the reading of the minutes since they are available on the web site and will be printed in the Newsletter. Marilyn seconded the motion. MOTION PASSED

**Treasurer's Report**

Marilyn reported there was income of \$42,858.37, with \$42,800.41 represented in assessment payments.

The cash outflow amounted to \$3,315.83 for a variety of matters, the primary costs being \$370.00 for grass cutting and trimming on the dam, and \$2,622.00 for insurance payment to Lakenan Insurance for property buildings.

Marilyn then sought approval to pay other invoices amounting to \$8,030.25, which represented \$902.00 to MEM Insurance, \$3,735.00 to Riggs Digs, \$952.00 to Red Oak lawn service, \$225.00 for power washing in the new maintenance facility, \$1,265.00 to Bossert Contracting to repair damages to a sewer line, and other various smaller bills. John made the motion to approve the report and the other payments. This was seconded by Ray. MOTION PASSED

**Gate**

Russ Wilner stated there have been no issues related to operation of the gate.

**Security**

No report

**LTIA Representative**

No report

**Finance**

No report

**Web site**

Janet Hirsch said the deadline for submission for articles and other material for the Newsletter is October 20, 2013.

**Parents Club Representative**

No report

**Garden Club**

Chyree DeRoode reported that Sheila Frauenfelder had donated plantings to be placed near the entrance of the lake, and that plans are being made for installation of a foot bridge near the wildflower garden area.

**Sewer Board**

No report

**Dam**

Clarue Holland was not available for the meeting but had sent an email regarding work that needs to be accomplished before the Missouri DNR inspects the dam during the summer of 2014. After discussion of this issue, Ray made the motion to approve a payment of \$165.00 to the Red Oak Company to perform necessary spraying next spring. Marilyn seconded the motion. MOTION PASSED.

Clarue indicated she and her husband Martin had inspected the dam and reported it appeared the ground hog is no longer present. Clarue, in her email, had also reported on the number of times the grass needs to be cut in the future, and it was determined monies had already been set aside and approved for her to notify the contractor for this need.

**Old Business**

President Kassen offered comments on having met with a representative of Holloran Contracting about installing one pole near the storage shed so electricity can be made available there. He also said that he had been able to get a donation of other poles and they are stored in the work area. There will be continuing discussion of lighting near the work area, the entrance and near the parking area of the community house, as well as possible purchase of additional computer(s) for security needs.

A lake resident, Al Toscano, addressed the board regarding concerns he has about his property.

There being no further business, the meeting was adjourned at 8:26 p.m.

**LTPOA Reminders***Rules & Regulations*

Please be advised of the rules and regulations at the lake. You can find them at [www.laketishomingo.com](http://www.laketishomingo.com). Maximum boat motor size is 40 hp. Oversize or inboard motors will not be allowed on the water.

*Ditches & Culvert Pipes*

The LTPOA board is asking that all lot owners clean out their ditches and culvert pipes. Remove leaves, sticks, and other debris to keep the water flowing in the ditch. This will help prevent our roads from being undermined by water runoff.

*Building Permits*

LTPOA building permits are required for all construction projects.

*Suggestions*

Property owners are invited to make suggestions for community improvement. Submit them to any board member.

# Lake Tishomingo Community Sewer Report

by Janet Hirsch

## Mainline Cleanouts Marked & Protected

In October sewer main line cleanouts along the lake roads are being marked after a number have been hit and broken by lawn mowers and vehicles. Bright orange 4-foot reflective "plow" stakes are being placed by the cleanouts to make them more visible. Those most at risk of serious damage will be reinforced with concrete collars and metal lids. This work is underway and should continue for the next couple of months.

Please be careful in cutting grass and when driving and parking along the edge of the road. And remember to contact Missouri One-Call System when you have a project that requires digging. Placing a locate request is free and easy! Call 1-800-DIG-RITE (800-344-7483) or 811 or place your request online at <http://www.mo1call.com>.

Sewer cleanout pipe with 4-ft marker stake.

## Direct Deposit

Homeowners are encouraged to consider automatic payment of the sewer bill. The invoice postcards are issued the first of every month and payment is due on the tenth of that month. Payments not received by the 21st of the month are delinquent and subject to lien and prosecution. The Billing & Payment Options brochure is available at the website.

For additional information about the billing options and proper use of the sewer system visit the website

[www.laketishomingo.com/pwsd13](http://www.laketishomingo.com/pwsd13).

## Seaplane Visits Lake Tishomingo

Chris Ott

On Labor Day, Monday Sept 2, a seaplane landed on Lake Tishomingo. He came in from the east and flew down the center of the lake landing on the water. It was a very busy day on the lake -- ski boats were pulling kids on tubes, many water skiers were out, and folks were swimming off of pontoon boats. We were very fortunate that no one was injured. We doubt the pilot could easily have seen small children in the water below him.

It was a very good thing that Steve Blaha was on the water in the patrol boat. Steve approached the pilot, told him he was not permitted to land a plane here, recorded his wing number, and escorted the plane to the eastern edge of the lake and asked him to leave.

Bev Lauer

Several people have contributed photos of the incident. View more pictures online at [www.laketishomingo.com](http://www.laketishomingo.com)
